TABLE OF CONTENTS

List of Annexes

Annexes which were incomplete in previous Quarterly report

Annex 1:	Overview of Project Coverage Cycle I - VI (2003 – 2008)	<u></u> 18
Annex 2:	Number of Villages per Poverty Grading by Province and District	<u></u> 19
Annex 3:	Details of Village Relocations	<u></u> 20
Annex 4:	Budget and Number of Subprojects per Poverty Grading (Cycle VI)	<u></u> 21
Annex 5:	Number of Subprojects Approved per Village Poverty grading	<u>22</u>
Annex 6:	Number of Infrastructure Subprojects per Ethnicity	<u></u> 24
Annex 7:	Number of Subprojects Proposals Approved by gender	<u>25</u>
Annex 8:	Operation and Maintenance Strategies	<u></u> 26
Annex 9:	Number of Subprojects per Sector and per Province (Cycle I-VI)	<u></u> 27
Annex 10	: Direct and Indirect Beneficiaries	<u></u> 28
Annex 11	: Subprojects Matching Priorities Expressed during VNPA	<u></u> 30

Other Annexes

Annex 12: Project's Outputs Cycle I to Cycle VI	31
Annex 13: Subprojects' Completion per Sector	32
Annex 14: Subprojects' completion per Province and District	33
Annex 15: Budget Transfers to Koumban Accounts (end of March 2009)	
Annex 16: Subprojects' Implementation Status as of 31 March 09	37
Annex 17: Local Institutions Capacity Building	38
Annex 18: Attendance to Meetings and Trainings organized by PRF	
Annex 19: Feedback and Conflict Resolution Mechanism	40
Annex 20: KB Facilitators and Koumban Team Members	40
Annex 21: PRF Staff at National, Provincial and District Level	40
Annex 22: PRF Staff Turnover during the Reporting Period	41
Annex 23: PRF Expenditures	
Annex 24: Budget Forecasts 2008 / 2009	
Annex 25: Procurement Monitoring	44
Annex 26: Subprojects' Procurement Monitoring Cycle VI Huaphan	45
Annex 27: Subprojects' Procurement Monitoring Cycle VI Xiengkhouang	46
Annex 28: Subprojects' Procurement Monitoring Cycle VI Luangnamtha	46
Annex 29: Subprojects' Procurement Monitoring Cycle VI Savannakhet	47
Annex 30: Subprojects' Procurement Monitoring Cycle VI Champasack	48
Annex 31: Subprojects' Procurement Monitoring Cycle VI Saravan	<u>48</u>
Annex 32: Subprojects Affected by Floods during the Previous Cycle	49

Executive Summary

The implementation of Cycle VI subprojects started during the reporting period with most community managed procurement processes completed during the month of January. Although this implementation started later than in previous cycles, PRF believes that most subprojects will be completed by the end of August 2009.

The poverty data provided to PRF in Luangnamtha province and used by communities to select subprojects were not accurate. As a result, in this province, only 50% of the infrastructure subprojects for cycle VI will be implemented in the poorest villages (21% nationwide). PRF and donors had agreed earlier this year to approve a maximum of 16% of all infrastructure subprojects to be located in better-off villages. PRF management and donors agreed to review the subprojects selection process in order to ensure a more pro-poor targeting from Cycle VII onwards.

Cycle VII planning preparation has started during this quarter with the revision of PRF Village Profile form and the organization of training sessions to all field staff on how to collect these village profiles.

A new decree was signed by the Prime Minister to review PRF National Administrative Board membership. From now on, all line ministries involved in rural development and poverty alleviation will be represented on the Board.

Discussions continued with other government institutions on how to harmonize participatory planning processes at local level. PRF Executive Director conducted consultations with the different line Ministries on this issue and on how to better integrate PRF within the government system and ensure that the program plays its role in a future national rural development and poverty alleviation program.

Good progress was made in the implementation of the new "Local Institutions Capacity Building" component. Because of staffing issues, the definition of an operational IEC (Information Education Communication) strategy was postponed to September 2009. However, a short-term IEC work plan for May-September 2009 will be finalized in May 2009 and implemented from that date.

Field visits and reports confirmed that the new Feedback and Conflict Resolution Mechanism is not functioning well. This will need to be addressed in the coming months.

The annual external audit report for the previous fiscal year was submitted to PRF and to donors and confirmed the solidity of PRF financial management.

Discussions with donors continued during the quarter about the possible development of a new livelihood component to be piloted in two provinces and on PRF future participation in a regional initiative aiming at assessing the impact of Community Driven Development projects (such as PRF) on women empowerment.

The recruitment of an Internal Audit Team Leader in charge of developing PRF Internal Audit system will take place during next quarter.

1. Subprojects Planning and Implementation

1.1 Cycle V Implementation Progress

The percentage of completed subprojects has not changed since previous report: 303 subprojects (99%) out of a total of 307 have been completed. The implementation of one subproject (construction of a weir) in Sukuma district (Champasack) was permanently terminated and will therefore not be completed.

The three last infrastructure subprojects, which have a completion rate of over 50%, are located in Ta Oy district (Saravan). The implementation of two of these subprojects has progressed. The problem related to the community contribution was solved by local authorities who have agreed to provide the missing materials. However, two subprojects are still at a standstill because of contractors not meeting their commitments as stipulated in the contract with the community.

As of March 2009, the budget transferred to koumban bank accounts up reached a total of 34.79 billion Kip (99% of the total cycle budget).

1.2 Cycle VI Implementation Progress

To be able to define villages' poverty grading and to select activities in the new province of Luangnamtha, PRF had to rely on data provided by local authorities instead of those collected as part of the Village Profile collection. It appears that these data were not reflecting the reality and significantly underestimated the number of infrastructures in the different villages. All data included in PRF previous report and used for the selection of the subprojects were coming from local authorities. However, as some data were missing, PRF decided to collect new village profiles in this province concomitantly with the organization of VNPA (Village Needs Priority Assessment) in June 2008. Only the missing data were entered on the MIS database and the village poverty grading were not updated as the District Budget Allocation had already been calculated and validated by donors and as villagers had to be informed of their Poverty grading during the VNPA.

PRF did not anticipate that the data provided by local authorities would be so different from the reality. As a result, we did not check whether the poverty grading data collected in June 2008 were consistent with the data provided by local authorities and did not therefore alert the donors of these discrepancies. This led PRF to support subprojects in better-off villages which were appearing on PRF database as poor villages. This serious issue was discovered during the donors' supervision mission in April 2009 (see further down in this report).

As a result, at national level, the proportion of villages which should have been eligible for infrastructure subprojects decreased from 76% to 68%. The proportion of infrastructure subprojects (223 in total for cycle VI) allocated to better-off villages which was 13% with the old data is now reaching a total of 21%.

Tables which were included in the previous quarterly report have been updated accordingly and included in the annexes of this report. In terms of ethnicities, 62% of

selected infrastructure subprojects were allocated to Non Lao-Tai villages and 22% in villages with mixed ethnicities.

However, one should be aware that these new data (from Luangnamtha Village Profiles) are still not totally reliable as it was the first time PRF staffs in this province were collecting village profiles and as they were recruited after the staffs from other provinces were trained on Village Profile collection. A first quick comparison between these data and the data from Cycle VII Village Profiles (collected in March 2009 and currently processed by PRF national M&E staff) shows that the quality of the data from the village profiles collected in April 2008 is still poor. These data, unlike data provided by local authorities last year, significantly overestimate the presence of infrastructures. PRF recommends that readers wait for the submission of next quarterly report (which will include data from the Village Profiles established during Cycle VII and related analysis) to draw conclusions.

As of the end of March 2009, the implementation of 312 subprojects (out of a total of 355 subprojects) had started. 80 subprojects (23%) were completed, 169 (48%) had a completion rate higher than 50%. 63 subprojects (18%) have already been launched with a completion rate lower than 50%. The implementation of the remaining 43 subprojects (12%) had not yet started. During this reporting period, 6.98 billion Kip (18% of the total budget) were transferred to PRF provincial accounts, of which 6.04 billion Kip (16%) have already been transferred to koumban bank accounts. The difference (2%) was being processed at provincial level in Luangnamtha.

The final cumulative budget for all subprojects at the end of the bidding process for all 6 provinces reaches 39.30 billion Kip, which represents a decrease by 4% compared with the budget approved after the District Decision Meetings (40.82 billion Kip).

As mentioned in PRF previous report, a special budget has been allocated to the rehabilitation of 11 subprojects supported by PRF in the past and which have been affected by last year floods. At the end of March 2009, the survey of the 11 subprojects was completed. In Huaphan, the bidding process for 5 subprojects (out of 6 in the province) was completed. The implementation of other subprojects, one in Xamtay district (Huaphan), 2 subprojects in Sepon district (Savannakhet) and 3 in Sukuma district (Champasack) was delayed. As the rainy season has already started, discussions are under way to decide whether the implementation of these subprojects should be postponed to next cycle.

1.3 Analysis and Comparison between Cycle VI and Previous Cycles

PRF has faced various issues related to the implementation of the new Manual of Operations and of the new Procurement Manual but also to the extension to a new province. As a result, the implementation of subprojects has been delayed and as of the end of March 2009, only 80 subprojects (23%) out of a total of 355 have been completed, which is 46% lower than the number of completed subprojects at the same time last year. However, communities with the support of PRF teams in the different provinces are working hard to catch up and to complete most subprojects by the deadline of August 2009.

1.4 Cycle VII Preparation

In order to take into account the lessons learnt from Cycle VI (the first year Village profiles were collected by PRF), PRF M&E unit has improved the existing Village profile form so that it is user friendly and easier to understand for Koumban Facilitators. Feedbacks were collected from PRF facilitators and staffs at the different levels and a new training was organized at the end of February - beginning of March 2009. Data collection and data entry are expected to be completed by the end of May 2009. Analysis of this new set of data will be included in next quarterly report.

2. Cooperation and Partnerships

2.1 Donors

A joint supervision visit (World Bank, SDC and PRF) was organized in March and April 2009 in Vientiane and Luangnamtha province. Although donors expressed satisfaction with the progress of PRF work towards overall implementation, they decided to change the overall rating of project performance from satisfactorily to moderately satisfactory. The reason behind this rating change is linked to targeting issues met by PRF in the new province of Luangnamtha. Data used by PRF to target the benefiting villages in this province could not be collected by PRF (Village profiles) because the staff was only recruited at the end of the planning process. PRF had to rely on data provided by provincial authorities to define villages' poverty grading which underestimated the level of existing infrastructures. As a result, several sub-projects were selected in better-off villages which should not have been eligible for infrastructures.

Following the visits, various meetings were held to review PRF pro-poor targeting system. A new system is currently being designed to strengthen PRF targeting process in order to ensure that a minimum of 66% of the infrastructure subprojects (and of 50% of the budget) are allocated to the poorest villages (Poverty Grading 0, 1 and 2). This system will be implemented from Cycle VII onwards.

Partners also discussed the following topics:

- Need to further strengthen the support provided to smaller ethnic groups in terms of translation so that the Village Representatives can fully participate in the different meetings and to monitor how many sub-projects benefit the different ethnic groups in each district;
- Agreement to continue discussions regarding the possibility for communities to:
 - negotiate the price with the selected bidder;
 - disqualify automatically bids which are abnormally low or abnormally high,
 - proceed with procurement when there is a shortage of bidders in very remote areas;
- Linked with the pro-poor targeting issues, need to improve PRF M&E team capacity to monitor data accuracy and to provide early warning to PRF management and to donors when issues arise;
- Delay taken to develop a long term IEC strategy and agreement on the submission of a short term (May 09 September 09) work plan by the end of May 2009.

The World Bank and PRF continued working on the design of a new Livelihood component to be piloted in two provinces next year (Huaphan and Savannakhet). A proposal was submitted internally to the World Bank for a possible submission to the Japanese Social Development Fund.

2.2 Mass-based Organizations, Line Ministries and Other Projects

A field visit with national level representatives of the different line ministries involved in rural development and poverty alleviation was organized at the end of March. The delegation, led by the Vice President of the NLBRDPA and PRF Executive Director visited PRF subprojects currently implemented (Cycle VI) in Xiengkhouang and Huaphan provinces. The aim of the visit was to provide members of the delegation with a better insight of PRF activities at district and koumban level.

2.3 Others (including NLBRDPA)

During the 12^{th} PRF National Administrative Board meeting which took place in December 2008 in Savannakhet province, it was decided to increase the membership of the board to include representatives from the different line ministries involved in rural development. On the 5th of February 2009, a new decree (No. 031/PM – see the full text of the decree in annex 33) was issued to modify the original decree setting up the Poverty reduction Fund.

This new decree appoints additional members to the National Administrative Board:

- Deputy Minister of Agriculture and Forestry;
- Deputy Minister of Public Work and Transportation;
- Deputy Minister of Education;
- Deputy Minister of Public Health;
- Deputy Minister of Energy and Mining;
- Deputy Minister of Commerce and Industry.

2.4 Program Development

At PRF initiative, an informal technical meeting took place at the office of the NLBRDPA with staffs from MPI Department of Planning and with staffs from PACSA / GPAR to review existing participatory planning processes at koumban and village level with the aim to push towards the creation of a single and harmonized planning process and to clarify responsibilities of the different stakeholders in this process.

In parallel and following a formal request by the National Administrative Board, PRF Executive Director conducted individual consultations with the senior officials of all line ministries (members of the NLBRDPA) about participatory planning at local level and the possibility to work on a national rural development and poverty alleviation program under the coordination of the NLBRDPA.

The outcome of these different meetings will be the organization of a high level technical meeting about these two topics which will take place in May 2009.

3. Specific Activities during the Reporting Period

3.1 Community Development

3.3.1 Local Institutions' Capacity building

PRF district teams have supported the District Integrated Rural Development Offices (District extension of the NLBRDPA) to organize **quarterly district coordination meetings on rural development and poverty alleviation** with the different stakeholders in all 19 districts. The aim of these regular meetings is to improve the coordination between the different actors in the field and to promote a harmonized approach to rural development.

During the reporting period, two workshops were supported to develop strategies to raise awareness at village and koumban level on the "**contribution of education to alleviate poverty**". The workshop which took place in Luangnamtha province (6-10 January 2009), was jointly hold by PRF, the Non-Formal Education Department and the Kindergarten / Primary Education Department from the Ministry of Education. 84 representatives from 29 koumbans (7 from Viengphouka, 13 from Nalae, and 9 from Long) attended the meeting. The second meeting was held in Saravan province (17-20 February 2009) and was attended by 117 representatives from 58 Koumbans in the province. The objectives of these workshops were to increase the participants' comprehension and knowledge on issues related to education and to help participants develop ways to encourage parents in their own community to send their children to school but also to advocate for communities' participation in the maintenance of existing schools.

In both meetings, participants agreed to include the following activities in a special component of the different Koumban Development Plans:

- To support the educational infrastructures in order to stimulate a good learning environment which will result in improved education in the rural areas;
- To develop an appropriate policy to support the teachers working in rural areas as well as poor households and households of disabled persons to allow their children to attend school;
- To provide the opportunity for all people to contribute to educational development;
- To follow strictly the dispositions included in the education law including the creation of rewards for the best students;
- To monitor the implementation of these activities on a regular basis.

At PRF instigation, two meetings took place with the Department of Local Administration of PACSA (Public Administration and Civil Service Authority – Prime Minister Office) to discuss potential involvement of PRF in the **design of a new training curriculum for village and koumban authorities** and to explore possibilities to contribute to these training in the districts where it operates. On the 26th of January 2009, PACSA provided an outlook of the situation: provincial authorities define their own curricula which do not include specific topics on participatory planning or on poverty reduction strategies. During a second meeting which took place in March

2009, PACSA presented a draft list of topics which could be integrated in the future harmonized curriculum. PRF and PACSA agreed that:

- A new curriculum should be developed by the end of 2009;
- PRF will be in charge of developing the sections of this curriculum related to participatory planning (based on the outcomes of the harmonization process jointly supported by MPI, NLBRDPA, and GPAR/PACSA) and on rural development and poverty alleviation strategies at local levels;
- During a first technical meeting, supported financially by PRF, a first draft of the curriculum would be presented to the stakeholders who are directly involved in the process;
- During a bigger workshop, supported by PRF, the final curriculum will be presented to all line Ministries at national level.

Finally, PRF invited government technical staff from the different districts where PRF is operating to join the **training on the use of PRF Engineering Software and on Computer Assisted Design** organized for PRF technical staff.

3.3.2 Capacity Building for Community

During this reporting period, PRF CD staffs have supported the different koumban teams and the district offices to start the organization of the different training sub-projects which were approved.

A review of this activity which was given a new emphasis during cycle VI is under way to analyze the different training topics chosen by community members and the way this activity was prepared and implemented by PRF. The way these training sessions were coordinated with the routine training usually provided by the different district offices will also be assessed. The outcomes of this assessment will be detailed in next quarterly report.

3.3.3 Information Education Communication

Although some IEC activities were implemented during the reporting period, PRF has not yet been able to design a proper IEC strategy. In agreement with the donors, an IEC Work Plan until the end of the fiscal year 2008-2009 will be developed during next reporting period. However, the following activities were conducted during this reporting period.

Community Education

- Production of ethnic groups folk songs conveying general messages about PRF and poverty reduction strategies at local level in Mhong, Khamu and Aka;
- Production of radio spots in local languages: two in Mhong and two in Khamu;
- Design of a poster on the Framework for Resettlement and Acquisition of Land or Assets (FRALA) under process.

Public Information

- Broadcasting of daily spots on national and community radio programs;
- Broadcasting of daily spots on national and provincial television programs;
- Publication of articles on newspapers and partners" newsletters;
- Completion of PRF 16th newsletter.

Some of these activities have been possible thanks to partnerships with the Lao Women's Union and with the Health Education Centre (Ministry of Health): radio spots, television programs and newsletters.

3.3.4 Feedback and Conflict Resolution Mechanism

This reporting period confirmed that the existing Feedback and Conflict Resolution mechanism is not functioning. Not a single case was reported during the period. A first assessment of the situation was made by the Head of the CD Unit in Savannakhet province which showed that most district committees have not started to meet. It was also raised to the team that a lot of ethnic people would rather be able to provide feedbacks orally. A more thorough assessment will be conducted by the CD unit at national level through field visit and modifications of the system will be prepared and submitted to the different teams during PRF annual meeting (Mid-July 2009). PRF is also planning to contact other CDD projects in the region to benefit from their experience.

3.2 Technical Assistance

Quality control and monitoring visits of the subproject implemented in the six provinces were jointly conducted by PRF Technical Advisors and staffs from the concerned ministries during the period. Most of the subprojects are implemented following PRF standard design and in accordance with line ministries standards.

The survey for three irrigation systems (one in Saravan and two in Champasack) have not been completed yet. To ensure district authorities involvement, PRF team work jointly with the Agriculture and Forestry division and need to receive a positive feedback before conducting these surveys. Moreover, the division is supposed to provide engineers and some technical instruments. PRF is liaising with the concerned district offices to ensure that these activities are conducted as soon as possible.

3.3 Monitoring and Evaluation

3.3.1 Management and Information System (MIS)

The PRF management information system (MIS) is progressively been upgraded. All forms¹ can now be converted into Excel datasheets. In addition, three report templates

¹ Village Profile Meeting Training Form, Cross Koumban Monitoring Form, Subproject Implement Monitoring, VNPA Form, KSPPO Form, DSPPO, District Decision Meeting, Feedback and Conflict Resolution, Site Visit

can be issued automatically (Village Profile Report, Basic Allocation Report and Population Statistic and Poverty Grading). The remaining reports are still being created and are due to be completed by the end of July 2009.

The consultant company is currently creating the Koumban Representatives and Koumban Team reporting template which will allow PRF to keep track of the number of Koumban Team members. Presently, this monitoring relies on tables created on excel spreadsheets with data sent from the local level on a quarterly basis.

The human resources database is now completed: template and reporting system, report viewer (completed at the beginning of April 2009), system testing to ensure data accuracy. The training on the use of the system for the provincial secretaries who will be in charge of data entry is expected to be organized in May 2009.

The financial database is also completed. However, the training to the provincial financial officers was not yet organized because of staff turnover in the Finance and Administration Unit at national level. Discussions are now taking place with the consultant company to see if they could be in charge of providing this training.

3.3.2 Reporting

Donors expressed their satisfaction with the new reporting template used for the first time (previous quarterly report). However, some elements were missing and donors provided comments which have been incorporated as much as possible in this report.

3.4 Administration and Finance

3.4.1 Human Resources and Training

A training session on the use of 'GRASP and GEAR' Engineering Software and on Computer Assisted Design, took place in Vientiane (23/02-08/03/2009). Participants included PRF technical staffs from provincial and district levels and government officials from the technical offices at provincial and district levels. Two training sessions were organized: teams from Luangnamtha, Xiengkhouang and Savannakhet attended the first session (23 Feb-01 March) and the teams from Huaphan, Saravan and Champasack provinces the second (02-08 March). The objective of the training was to increase the capacity of PRF technical staff and of local government officers to design, analyze and check infrastructures' structure before granting their technical approval.

Two persons from the National office left the organization for personal reasons. One staff was already replaced and the recruitment of the second should be finalized in May 2009.

Report, Koumban Representative and Koumban Team and Subproject Proposal Form (Training+Infrastructure).

To face an increase workload in the M&E Unit mainly due to the need for the Data Analysis and Reporting Officer to support a regional pilot initiative (Assessment of World Bank supported CDD projects on women's empowerment), a temporary position will be created (Monitoring and Evaluation Support Officer) with SDC financial support. The Terms of Reference are being reviewed and advertising for the position will start in May 2009.

In consultation with each of the unit heads, staff key performance indicators are currently being defined to keep track and improve staff performance. This will also help the Human Resources Development Officer and supervisors to identify staff training needs.

3.4.2 Accounting and Finance

The financial team from PRF central office have conducted supervision missions in 5 provincial offices to ensure that provincial and district offices had prepared correctly the financial reports and supporting documents related to the period April - September 2008 and had followed PRF Finance and Administration Manual. In general, the supervision team was pleased with the cooperation and the efforts made to improve the accounting systems at provincial level.

The last SOE report (application # 0051) for Credit LA-3675 was submitted to the World Bank for clearance of the outstanding credit balance.

Price Water House Coopers Financial Audit Report was submitted on time to the World Bank in March 2009. Minor issues found in provincial and central offices were reported by auditors which were acknowledged by the concerned unit for future improvement.

The first budget instalment for most Cycle VI subprojects (2008-2009) was processed during the period. The funds disbursed for subprojects, up to the end of March, was US\$372,116.96 (36%) from SDC and \$ 534,674.27 (64%) from IDA LH 4180 Grant.

3.4.3 Procurement

Pending activities from the "October-December 2008 procurement plan" were carried forward to this reporting period (January-March 2009) including 4 National Competitive Bidding packages (NCB) for the procurement of vehicles, equipments and civil works (national office rehabilitation) and 10 National Shopping (NS) packages for the procurement of equipments, air conditioners, furniture and small office equipments for the different offices.

Most of the procurement contracts were signed in February and the purchased items dispatched to PRF national office and to project sites in the different provinces.

Purchased items included desktop computers, laptops, printers, photocopiers, scanners, fax machines, calculators, digital cameras, digital video camera, amplified microphones, megaphones, LCD projectors, wireless phones, telephones, USB keys and external hard disks.

For the procurement of a 12-seated minibus and of 3 pick-up trucks, the World Bank requested PRF to organize a new bidding process. The new bids are expected to be opened on April 23, 2009. Technical specifications were amended and more bidders were directly invited to bid.

Although the contract for the procurement of motorcycles was signed on 13 February 2009, the delivery has not yet been done because of delays in customs and tax exemption clearances.

Additionally, the procurement of three packages of furniture and three packages of small office equipments for PRF National, Provincial and District Offices, is still on hold as data are being collected at local level to confirm the needs.

It is not yet clear whether PRF National Office will move from its current location (Ministry of Planning and Investment). As a result the civil works related to the national office have not yet been implemented.

4. Planned activities for next quarter (April-June 2009)

4.1 Subprojects' Planning and Implementation

- Collection of village profiles for Cycle VII;
- Organization of Village Needs and Priorities Assessment (VNPA) meetings and Koumban Prioritization Meetings for Cycle VII;
- Support the implementation of Cycle VI subprojects.

4.2 Cooperation and Partnership

- Support to the organization of a technical meeting by the NLBRDPA with the different line ministries to discuss the possibility to harmonize planning processes at village and koumban levels and to discuss the possibility for PRF to become a National Project;
- Further discussion with the World Bank team regarding PRF inclusion in a regional initiative aiming at assessing CDD projects' impact on women empowerment.

4.3 Community Development

- Design posters on FRALA and Infrastructures' Operation & Maintenance;
- Monitor the progress of PRF Newsletter production (edition No. 16);
- Produce a documentary on environmental protection and on the sustainable use of existing natural resources;

- Develop a 4-month IEC work plan (May September 2009);
- Monitor Cycle VI training subprojects' implementation and conduct a formal internal review on how training subprojects were planned and implemented during Cycle VI;
- Internal assessment of the Feedback and Conflict Resolution and proposition of changes in the way it is designed, implemented and monitored;
- Collaboration with the TA unit to organize training of the O&M Koumban Teams on Operation and Maintenance of infrastructures;
- Cooperate with the Department of Local Administration of PACSA (Public Administration and Civil Service Authority Prime Minister Office) in the development of a new training curriculum for local authorities at koumban and village level;
- Support the Integrated Rural Development Offices at district level to organize quarterly district coordination meetings.

4.4 Technical Assistance

- Collect data to update PRF Unit Cost Database;
- Monitor the 11 subprojects to rehabilitate infrastructures affected by floods;
- Follow up incomplete subprojects of previous Cycles (V and VI).

4.5 Monitoring and Evaluation

- Crosscheck data from Cycle VII Village Profiles and Village Needs and Priorities Assessment to ensure their consistency and reliability;
- Install the new components of the updated MIS database in the 6 provinces;
- Keep track of the physical progress of subprojects' implementation and of disbursements to koumban bank accounts;
- Coordinate with the World Bank team to support the pilot M&E initiative to assess PRF impact on women empowerment;
- Prepare PRF Annual Meeting and 13th National Administrative Board Meeting.

4.6 Administration and Finance

4.6.1 Finance

- Preparation of Quarterly report (FMR) for January-March 2009;
- Update PRF chart of accounts according to recommendations provided in the Audit Report for the Fiscal Year 2008;
- Preparation of supervision visits to 6 provincial offices for the fiscal year 2009;
- Prepare training on Accounting for the financial staff in 6 provinces;
- Prepare monthly SOE reports.

4.6.2 Procurement

National Office

- Update PRF Procurement Plan for the year 2009 and submit it to donors for approval;
- Bids' re-opening for the procurement of 1 minibus and 3 pickup trucks;
- Follow-up of the delivery of motorcycles within the specified timeframe;
- Conduct procurement of other packages which are still pending including furniture and small office equipments (procurement managed by the Provincial Procurement Officers);
- Organize a workshop on procurement procedures for national and provincial procurement officers.

Sub-Project

- Monitor the signature of all contracts (including submission to the WB of contracts which need to be reviewed);
- Conduct the bid opening for high technology and specialized equipments on behalf of the Koumban Teams: medical equipment and solar cells for subprojects in Samoy (Saravan) and Nalae (Luangnamtha);
- Monitor the first payments for subprojects to ensure that they are made on the date specified in the contracts;
- Review the evaluation criteria for contractors and suppliers and improve the bid evaluation process and forms in accordance with MOF and World Bank regulations.

4.6.3 Human Resources

- Organize training on Human Resources data entry (MIS database) for the provincial secretaries in the six targeted provinces;
- Recruit the Internal Audit Team Leader and the M&E Supporting Officer at the National Level;
- Finalize staff performance indicators and organize meetings with each unit to review them;
- Support the Community Development Unit in the organization of a Workshop on effective community facilitation for Community Development staff at all levels (National, Province and District levels).

Annex 12: Project's Outputs Cycle I to Cycle VI

- <u>Note:</u> During Cycle VI, PRF has significantly increased the emphasis put on Training / Capacity Building Subprojects. PRF CD Team is currently preparing an internal assessment of this activity in order to review the outcomes of these subprojects and to come up with recommendations for future cycles. Complete data about these subprojects (analysis by type of subproject and by sector) will be included in this assessment and added to next quarterly report.
- <u>Note 2:</u> The payment of stipend for training (future teachers, nurses or veterinarians) has always been accounted as infrastructure subprojects. PRF is currently reviewing its classifications to ensure that these subprojects are included in the Training / Capacity Building subprojects' category. The number of community members who will benefit from this activity is still been discussed in the different districts and will be provided in next quarterly report.

- A weir subproject in Sukuma district (Champasack) was terminated because of costs exceeding PRF budget allocation

- The three remaining subprojects are located in Ta Oy district (Saravan). One submerged bridge is close to completion after local authorities accepted to provide wood which was initially supposed to be coming from the community. A rural road upgrade subproject is now under way after delayed reception of the contribution from community. The last subproject (bridge) is still deferred due to difficulties encountered by the contractor.

Annex 18: Attendance to meetings and Trainings organized by PRF

Note 1: The training on the use of PRF Engineering Software took place in Vientiane, whilst most participants were government and PRF staff from the provinces and district where PRF works. Participants' ethnicity was not collected.

Note 2: TOT on how to collect village profiles was organized at provincial level for all PRF provincial and district staff. District staff were then able to train Koumban facilitators in the 19 targeted districts before initiating the VP collection.

Annex 33: Decree 031/PM (PRF National Administrative Board Membership)

Lao People's Democratic Republic Peace Independent Democracy Unity Prosperity

Prime Minister Office

No. 031/PM

Vientiane Capital, date 05.02.2009

Modification of Decree about the Poverty Reduction Fund Adding Members to the Administrative Board

Referring to the Law of Lao Government, number 02/NA, dated 06 May 2003, Referring to PRF requesting letter, number 001/PRF, dated 29 January 2009,

The Prime Minister of Lao PDR is hereby adjusting the decree on PRF as follows:

Article 1: Appoint additional members to the PRF administrative board including:

- 1. Deputy Minister of Agriculture and Forestry
- 2. Deputy Minister of Public Work and Transportation
- 3. Deputy Minister of Education
- 4. Deputy Minister of Public Health
- 5. Deputy Minister of Energy and Mining
- 6. Deputy Minister of Commerce and Industry
- Article 2: Thus, the Office of the Party Central Committee, the party central committee organization board, the Committee of the Government Secretariat, the Cabinet of the Prime Minister Office, the PRF Administrative Board, all line ministries and the organization at central and provincial level are hereby informed and requested to acknowledge this modification as a reference for future implementation.

Article 3: This decree is enforced upon the day of signature.

The Prime Minister of Lao PDR

Buasone Bouphavanh (Signature and Seal)
